- Perspective

Final Bonus Class – Free 2-Hour Bookbinding Session. (To Be Scheduled)

Instructor Bio - Mr. M. Magallanes

Along with drawing comics and storyboards for TV and film I have taught sequential design (fancy name for animation and comics) for the last 15 years and have guided many students into careers in the arts. I have students who are now working for major animation studios (DreamWorks, Disney) and video game companies (Blizzard) and many more currently enrolled in art schools preparing to enter the entertainment industry.
